01211325026

Cairo, Egypt

"Front-End Developer specialized in building modern and responsive web interfaces using React. Strong technical foundation through ITI training, with hands-on experience in HTML, HTML5, CSS, CSS3, JavaScript, Bootstrap, and Tailwind. Skilled in translating UI designs into clean and efficient code, optimizing performance, and enhancing user experience. Possess multiple projects on GitHub that demonstrate practical development capabilities. Seeking an opportunity to contribute to a professional team and further develop my technical skills."
